

## Chew Magna Deanery Mission Plan review of October 2017 to October 2018 (right hand column)

Overarching Priority	Time scale	Purpose	Description	Outcome	Who to lead?	Progress 2017 to 2018
<b>Telling the story</b>	Year 1	To enable the people of the deanery to grow in confidence in living and telling the story.	A series of 3 or 4 half day events offered in various locations around the deanery that will build on the Community Conversations	We will run 3 or 4 events. People who attend will tell us that they feel more confident, willing to engage and share their faith as a result of attending.	Mike Burke Denise Calverley	<b>4 sessions took place took place from Oct 2017 to Feb 2018 around the deanery</b>
<b>Living the story</b>	Year 1	To identify, develop and use the gifts of all our parishes and build up our common life.	Using the data gathered in October 2016 at Deanery Synod, and through further conversations, we will match strengths and needs in parishes across the deanery to help one another place mission and evangelism at the heart of all we do.	Parishes and benefices will work together to build partnerships with one another sharing resources, training, knowledge and expertise.	Denise Calverley with others	<b>The document is available on line at <a href="http://www.keynshamparish.org.uk/deanery-mission-plan/">www.keynshamparish.org.uk/deanery-mission-plan/</a> Additions can be sent to Helen Barnes at: <a href="mailto:hbarnes01@hotmail.com">hbarnes01@hotmail.com</a></b>
<b>Potential Key Priorities</b>						
<b>To explore a chaplaincy at Chew Valley School</b>	Year 2-3	To realign ministry resources to mission, to serve the common good and to share the Good News with young people.	We will explore the possibility of the 0.2 capacity in the Winford post being offered as a one day a week chaplaincy at Chew Valley School.	The 0.2 capacity currently in the Winford post will be used to support the work of the Deanery Mission Plan in a way that is developmental.	Area Dean Deanery Mission and Pastoral Group.	<b>Chaplaincy being explored with the help of Revd Mike Haslam Diocesan Chaplaincy Development Advisor</b>
<b>To explore the joining of Blagdon, Compton Martin and Ubley with the Harptrees and Hinton Blewett</b>	Year 1-2	To develop a united ministry so that clergy and laity are well supported by one another in mission and ministry.	Joining of a benefice and a united parish to form a united ministry.	When the possibility has been explored fully and an informed decision has been made.	Archdeacon Area Dean Clergy and people of Blagdon, Compton Martin and Ubley with the Harptrees and Hinton Blewett.	<b>This has been delayed by licensing of Revd Simon Lewis as Rector of Blagdon, Compton Martin and Ubley only a few months ago. Conversations are due to take place.</b>
<b>To explore developing the chaplaincy at Bath Spa University</b>	Year 1-3	To further develop chaplaincy at Bath Spa University	An exploration of how we can provide enhanced chaplaincy to include considerations of personnel and buildings/space.	The initial outcome would be a feasibility study involving the current chaplain, the Archdeacon, the people and clergy of Newton St Loe and the University.	Deanery Mission and Pastoral Group with wider consultation.	<b>Chaplaincy being explored with the help of Revd Mike Haslam Diocesan Chaplaincy Development Advisor</b>
<b>To explore the deployment of clergy across the deanery.</b>	Year 1-3	To realign our ministry resources towards mission.	We will explore the allocation of clergy across the deanery to ensure that we are appropriately resourced for mission. Possibly using a model such as that developed by Revd C North in Midsomer Norton deanery.	A clear and transparent rationale for the allocation of clergy which serves the mission of the deanery as a whole.	Deanery Mission and Pastoral Group.	<b>Ongoing as clergy leave and new appointments are made</b>

See below for chaplaincy update:

## **Chaplaincy Update**

**Jan Knott**, is developing plans for Bath Spa, with a weekly drop in to compliment the wonderful weekly soup lunch. I'm visiting Jan later in Sept. Archdeacon Adrian has also visited the University and met with the Vice Chancellor. From what I hear the University is keen to continue to develop the Chaplaincy ministry and there is a developing team.

**Angela Fraser**, continues to serve as Schools Chaplain to Primary Schools in the Chew Valley area.

**Alex Holmes**, is now established as one of the Chaplains at Keynsham Police Centre. Alex does half a day per week.

**Lisa Loveridge**, continues to provide Chaplaincy at the Chocolate Factory (St Monica's).

**Neil Wylie**, Chaplain at Clevedon and Nailsea Schools is continuing to work with the Lighthouse Partnership (the MAT which sponsors Chew Valley School) about Chaplaincy to the whole Multi Academy Trust, especially the secondaries. I will be in touch with Neil and the CEO of Lighthouse early this academic year.

Revd Mike Haslam MA  
Chaplaincy Development Advisor  
Diocese of Bath and Wells
